

REMARKS

Claims 1-18 were examined and reported in the Office Action. Claims 1-3, 8-13 and 18 are rejected. Claims 4-7 and 14-17 are objected to. Claims 3, 4, 13 and 14 are cancelled, Claims 1, 5, 6, 7, 8, 12, 15, 16 and 17 are amended, and new Claims 19 - 21 are added as indicated above in order to more particularly point out and distinctly claim the subject matter of the present invention without adding any new matter and are fully supported by the specification.

Applicant requests consideration of the application in view of the following remarks.

Rejection on Inventive step

Claims 1, 8 and 12 are rejected as being obvious in view of US 7143434 (Paek).

In response, Applicant has amended Claims 1, 8 and 12 to include the limitations of claim 4 as to Claim 1 and Claim 14 as to Claims 8 and 12, which are admitted by the Examiner would be allowable. Although the allowed claims have not been rewritten in independent form, at least as to Claims 1 and 8, Applicant submits that the patentably distinct elements of the allowed claims are included in the amended claims.

Accordingly, reconsideration and withdrawal of the rejections of Claims 1, 8 and 12 as being obvious in view of US 7143434 is respectively requested.

In view of the foregoing, Applicant believes that the claims pending for examination, namely claims 1, 2, 5-12, and 15- 21 are patentably distinguishable over the prior art of record, and are now in condition for allowance, which early action is requested.

If necessary, the Commissioner is hereby authorized in this, concurrent and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2666 for any additional fees required under 37 C.F.R. §§1.16 or 1.17, particularly, extension of time fees.
